

# JOIN OUR PIAC COMMUNITY

Leaders in DC Plan Investment and Governance

**Pension Investment Association of Canada (PIAC)** members bring strategic vision with a practical perspective to pension investment and governance issues. PIAC's DC Committee focuses on matters specific to DC plans, a growing part of the pension industry.

## **Collectively PIAC's members elevate the DC conversation. Together we:**

- > Share best practices
- > Stay on the leading edge of DC plan management
- > Help you bring the best ideas to your plan

## **PIAC's power is our people**

- > PIAC members learn from each other, sharing experiences, both pitfalls and successes equally
- > PIAC's membership attracts, and provides you access to, the top intellectual leaders in the investment management and recordkeeping industries
- > PIAC's meeting platform supports collaboration for plan sponsors
- > Personal connections provide unprecedented professional networking access
- > PIAC members' plans may look different but our stories are similar

## **We improve the future of DC pensions**

- > PIAC advocates for meaningful improvements to the pension environment for the benefit of all Canadians
- > PIAC supports innovation, advocating for an efficient and effective regulatory environment

## Join PIAC Today!

PIAC has been the voice for Canadian pension funds since 1977 in matters related to pension investment and governance. PIAC's members manage over \$2.2 trillion of assets on behalf of millions of Canadians and a growing portion of that amount is in defined contribution plans. As of December 31, 2019, DC plan assets exceeded \$31 billion.

### Joining PIAC offers several benefits to DC plan sponsors

#### Networking with a group of like-minded peers

- > PIAC members DC plan assets ranged from \$3 million to \$10 billion
- > Confidential sharing

#### Access to a wealth of resources

- > Various channels (In-person conferences, webinars, regional councils, newsletter and a secure website)
- > Practical applications on topics that matter to DC plans (Target-Date Funds, designing and monitoring a fund lineup, OCIO business, member communication, education and advice, governance and regulatory matters, retirement tools, decumulation and many more!)

#### Confidential and proprietary surveys

- > DC specific surveys on assets, returns, costs and plan details
- > Other surveys include Risk, Responsible Investment and External Managers

#### Advocacy Work

- > Instrumental in the approval by the Federal Government of Advanced Life Deferred Annuities and Variable Pay Life Annuities in the 2019 Budget
- > Goals are to facilitate access and increase the retirement security of individual DC plan members
